FORO DE INVERSIÓN EUROPEA EN URUGUAY
EUROPEAN INVESTMENT FORUM IN URUGUAY

SPEAKER

Perspectives of bioforestry and bioenergies in Uruguay

10 October - Hyatt Centric Hotel
Hour: 16:45 - 17:30

Eng. Alvaro Molinari

CEO LUMIN

Graduated as Civil Engineer (Structural Profile) from the Universidad de la República Oriental del Uruguay. PDE, University of Montevideo

As CEO of Lumin, Mr. Molinari is responsible for the company's operations and the forest products of Lumin companies. In addition, he leads the interests of the company and its assets, the development of the strategic direction of the company, its plantations and wood products, as well as the capital projects of the same.

Mr. Molinari joined Lumin in September 2017 when the company was created through the acquisition of Weyerhaeuser's assets and companies. He has been General Manager of Weyerhaeuser's operations in Uruguay, as well as of the Colonvade-Los Piques-Vandora Joint Ventures. He was also responsible director of Weyerhaeuser's JV with Fibria at its BPM sawmill in Bahia, Brazil, producing eucalyptus lumber.

Prior to joining Weyerhaeuser, he worked at the Uruguayan Ministry of Transport and Public Works in technical positions that included contract and supplier management at the National Roads Directorate.
