SPEAKER

Forestry Foresight 2050 in Uruguay

10 October - Hyatt Centric Hotel
Hour: 10.00 - 11.10

Ec. Mariana Ferreira

Trade Intelligence Manager of
Uruguay XXI

Mariana Ferreira has been Manager of Trade Intelligence in Uruguay XXI since March 2011. Mariana holds a Bachelor's Degree in Economics from the School of Economics and Administration (UDELAR) and a Master's Degree in Financial Economics from the Pontificia Universidad Católica de Chile (PUC).

Mariana is a professor of Macroeconomics in the Faculty of Economic Sciences and Administration since 2003 and a professor of Economic Policy in the Master in Economics of the same institution.

Prior to his work in Uruguay XXI, he was Manager of the Economic Consulting Department of CPA/Ferrere. She has specialized in macroeconomics and finance and has vast experience in economic and financial advice to companies, in the elaboration of sectorial reports, in prediction models and economic evaluation of programs, among others.
